G. R. S. III-2]

Reservation of certain ores & minerals in the State.

General and Revenue Secretariat.

Geol File No. 47 of 1922.

Serial No.

Extract from Geol file no 54-21.

x x x Reference is invited to Govt orders dt 29-4-1920 ordering the reservation of certain ~~areas~~ ores ~~of minerals~~ in specified areas & also paragraph 4 of Govt orders dt 6-11-1922 directing the withdrawal of such reservations. In the case of the few reserved minerals these two orders have to be combined together & the point for consideration is :—

(i) Whether the reservation continued in the case of certain minerals in the G.O. dt 6-11- applies to absolute reservation throughout the State; or

(ii) Whether the continuance of such reservation will be in respect of only the areas notified already in the order of 29-4-1920.

2 If it is decided that the first view mentioned above is the proper one, then no licence at all over areas in any part of the State for the minerals referred can be given in future. If, however, the second alternative view is the correct one, then except over areas specially reserved in the Govt orders dt 29-4-20 licences may be given.

3 The two cases now under consideration (viz Geol 54-21-20 & Geol 32-22-1) seem to fall under the second category. This point has to be made

4 If it is considered necessary to reserve the minerals throughout the State, a separate notification will have to issue modifying the Govt order Dy 29-4-1920.

5 For want of a definite ruling on this point three Dist applications for mainganese & allied minerals over areas not specified in Govt orders Dy 29-4-1920, which have since been received are also pending disposal.

7 If after consideration it is felt that the reservation should not be restricted but general i.e. apply all over the State, then a fresh Govt order will have to issue to make the position clear
